PXE PRICE INDEX

We have created an affordable app for our clients to track wholesale prices from 19 markets across Europe.

POWER EXCHANGE CENTRAL EUROPE (PXE is part of the EEX group) launches its official web application PXE Price Index (PPI).

Current sales and purchase prices

The PXE Price Index app displays the current BID and ASK prices for electricity and gas, so you're always sure to see the best current price.

14 days FREE

After company registration, a trial version is available for 14 days for free. It is possible to test all the functionalities of the application during the trial period. After 14 days it is necessary to purchase a premium membership in order to view the data.

Possibility to track more than 500 different prices

Basic view for 25 € per month (300 € per year)

Certainty of accurate data

Main advantages

- App for the general public allowing monitoring of selected wholesale prices with minimal delay
- Affordable solution directly from the data source
- Chart with the development of the best BID/ASK price during the day

Choose from 19 markets

Registration

Register for PPI and activate your premium membership:
